**\* Please share a brief description of the community and students your school, district, state agency, CMO, or network serves.**

You can include details such as the size of the student body, community context, or any other information that helps us understand who your work supports.

**\* Have you identified the school(s) where Decision Education will be implemented? If yes, please list them and include any relevant context that will help us understand the implementation setting. (e.g., school size, student experience, culture, or existing priorities.)**

## Section 2: Model Focus

As part of the Incubator, your team will design and develop a model to bring Decision Education to your students. While much of this work will be done collaboratively through coaching and professional learning with the Alliance, we invite you to use this section to share any of your initial ideas.

**\* Tell us about your vision for bringing Decision Education to your students. What specific focus or approach will your team take?** (e.g., supporting your state or district's graduate profile by helping students build key competencies, integrating it into a specific course or grade level, embedding it within a broader initiative or priority)

**\* Which grade level band(s) do you plan to pilot your model?**

- Elementary
- Middle
- High
- To be determined

**\* What is the total amount of funding you are requesting?** (Maximum Request: \$5,000)

**\* What will the requested funds be used for?**  
(e.g. materials, professional development, etc. )

### Section 3: Outcomes and Data Sharing

As part of the Incubator, we will gather information from participating teams to inform continuous learning and model development. Similarly to the previous section, you likely do not have fully formed plans yet, but we invite you to use this section to share initial ideas about the results you hope to see, the data sources or evidence you plan to use to assess progress, and how you anticipate sharing findings with the Alliance.

**\* What outcomes are you working toward through your model?**

Describe the key results you hope to achieve, including both outcomes (such as student growth, engagement, or well-being) and outputs (such as activities, materials, or other deliverables). What changes do you ultimately hope to see for students or educators?

**\* What data will support your measurement efforts?**

List any relevant data your school, district, state, or network currently collects, such as surveys, attendance, academic measures, school climate or discipline data, and/or college/career readiness metrics. If you're not yet collecting this data, let us know what you plan to begin tracking.

**\* How can this data be shared externally?**

Let us know how this data can be shared. For example, in anonymized form for public reporting or included in case studies.

## Section 4: Your Team and Collaboration

**Please list 3–8 team members who will participate in the Incubator, including their names, titles, and email addresses.**

Your team may include teachers, school or district leaders, state education agency staff, or other relevant personnel. If your team is primarily composed of teachers, please ensure that at least one administrator is included.
